Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Barnes Working Lessons in English, or Short Studies: Parts II III (Enlarged) Teachers who believe that pupils should learn to express their thoughts with ease and rapidity, either orally or in writing, will heartily welcome this little volume. Accustomed to the listless iteration of grammatical nomenclature, a great surprise awaits the teacher who faithfully tries to carry out tho author s methods as here developed. Nothing delights a pupil more than to be able to apply principles already learned, and when the successive steps are so gradual that he passes from one to another without difficulty, his delight is doubled. Many a bright boy completes the course in our public schools, thoroughly familiar with all the technical details of the subject of grammar, but wofully deficient in ability to express his thoughts. Believing that pupils ought to be able to apply tho principles of any science as fast as learned, this volume aims to furnish the largest possible amount of work for the pupils hands and eyes, and to prevent the committing to memory of abstract facts without knowing tho reasons therefor. The active, restless mind of tho young pupil must be kept occupied; and if, in addition to such mental activity, the hands and eyes arc kept employed, intellectual development is assured.
