A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Wm. B. Eerdmans Publishing Company September 2004, 2004. Paper Back. Book Condition: New. The formative power of the beautiful is, first of all, an attraction. Trained as both artist and church historian, Robin Jensen astutely points out that attraction is the divine energy which enlivens beauty and serves as impetus for love's creative and transformative power. In her earlier book, *Understanding Early Christian Art*, Jensen concluded that "both verbal and visual eventually come down to the same thing and reinforce one another." Just as John Cassian describes the effect of chanting the Psalms day after day -- "He [the monk] will take into himself all the thoughts of the Psalms as if they were the compositions of the Psalmist, but rather as if they were his own utterances and his very own prayer" -- so, too, visual art engages us as spectator and creator -- drawing us into beauty, and by virtue of this imaginative encounter, helping us take responsibility for the subsequent life of art in the world. Jensen's survey in *Substance of Things Seen* encompasses visual art and spiritual formation in Christian tradition, the visual exegesis of narrative art in early Christianity, the question of the icon as idol or incarnation, the practical uses of art throughout the Christian centuries, the idea of holy places being sacred spaces, and a discussion of the beautiful and the disturbing in contemporary and ancient "religious" art. "Unless we want to condemn ourselves to the starvation of the Christian imagination and the dissolution of the Christian conscience," writes Jensen, "the church cannot ignore the arts." 152 pp.
