Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Photography is one of those uncommon abilities that you must possess in this contraption driven world (whether you like it or not). A camera is one of those devices that everybody owns these days. So it s thus vital to know everything about cameras. But all jokes aside, who knows maybe an unsteady picture of your valentine may give birth to an unexpected argument between both of you! With this in mind, Digital Rev TV has assembled a progression of marvelous photography hacks that will make you look like an expert picture taker in just a flash! There are tons of tricks and advices out there that can help you enhance your photography in order to obtain the best results out of your DSLR. Here are some of the most important and overlooked tricks - you may already be familiar with a significant number of these tricks and yet how frequently do you utilize them? The guide would make the perfect companion to that digital camera purchase so that those who receive the camera get the most out of it. Similarly, those who have simply just started to get interested in digital cameras can gain from this book because it s not written in a complex way that people can t understand. It s written by someone who was sitting exactly where you are now, but who learned to appreciate the intricacies of digital cameras and now shoots wonderful photographs because of letting the camera work to its maximum. Weaned on the old fashioned cameras, the writer of this guide had a lot of problems getting to grips with transferring old photographic values into new habits on a...
