Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.Moms, do you want your daughter to say she loves science? This book is your guide that will get you excited to share science with her. It is not your ordinary science book because it will get you thinking, laughing, and pulling out your baking soda and vinegar just for the fun it. This book is here to cheer you on while you try science with your daughter. You will learn how to feed her curiosity by seeking out experiments that will interest her. It gives you tips on how to nurture her confidence and creativity so she will become that future problem solver our world needs! This book also tells my story of being a female chasing after a career in STEM (science, technology, engineering, and math). She Loves Science will encourage you to start today to make a big difference in her life and in our world.
