Reviews

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).

Excerpt: .from the first grade through the High School. FOURTH YEAR SEPTEMBER ToNE PRODUCTION The study of vowels and consonants, breathing, position, etc., as applied to children s singing, is vitally essential for every teacher who attempts to teach children to sing. This most important side of school music teaching is not included in this Manual, for obvious reasons. A few suggestions only, are offered concerning the use of neutral syllables which shall hereafter be used a part of the time, in the place of the Latin syllables, do, re, mi, etc. Great care should be taken in the choice and use of vowels. The 00 sound is an excellent means of forming the head tone habit. However, the habitual use of 00 is apt to develop a hooty tone. The vowel 0 as in on is favorable to good tone. This sound is between a as in all and a as in father. The teeth must be apart, and the muscles of the tongue, lips and face, flexible and soft, in the singing of all vowels. The mouth must be opened easily and naturally. An unnatural or distorted expression of the face while singing is conclusive evidence of bad tonal conditions. A stiff, forced condition of the open mouth may be quite as bad as the closed teeth. One of the worst and most common errors is the neglect to open the back part of the throat and mouth. The lips and teeth may...
