

Calvin Coolidge: Conservative Icon (First Men, American's Presidents)

By Palmer, Niall

Nova Science Pub Inc, 2013. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service!

Summary: Calvin Coolidge was one of America's most unusual presidents. Selected as vice president by rebellious convention delegates and thrust unexpectedly into the presidency on the death of his predecessor, he nonetheless imprinted his authority on both party and country. Like Dwight Eisenhower, Ronald Reagan and Bill Clinton, he came to personify not just an administration but a social and political era. Although historians still dispute his legacy, the thirtieth president's image remains both distinctive and enduring. This is partly because Coolidge was a walking contradiction of his times. He had little of the charisma deemed essential to political success and was obsessed with fiscal prudence in an age of acquisitiveness and wild financial speculation. His economic views were more suited to a nineteenth-century agrarian nation than to an emerging industrial-capitalist giant. His personal life embodied the values of white, Puritan New England, not those of the big northern cities, whose cosmopolitanism and moral relativism increasingly set the tone for the nation in the Coolidge years.

Good e book and useful one. I have got read and that I am confident that I will likely to go through once more again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
